JACK KEENAN SCHOLARSHIP FUND

GOLF OUTING

Jack Keenan touched many people throughout his life and although he passed on, we want his legacy of community service and civil responsibility to continue thru the Jack Keenan Scholarship Fund.

Jack came from very humble beginnings growing up in the Tasker Homes. He saw many of his friends and families never make it out of the project. He knew he was destined for better things and never let anything hold him back from his goals in life. He always vowed when he got out he would help those who needed a hand do the same, and he kept that promise his entire life.

Jack always felt that everybody could be successful in life if they just had the opportunity and support to do so. Jack himself provided so many opportunities to people from all walks of life; starting way back in the early days of the Grays Ferry Community Council or as Athletic Director of Saint Gabriel's school when Jack helped facilitate a welcoming environment for all kids to compete in neighborhood athletics. Stelwagon Roofing Supply employed half of the neighborhood at one time or another under Jack's watchful eye. Most recently Keenan's in North Wildwood is known as "a place where all neighborhoods meet", and work. Jack could not say no to anybody in need, if you were laid off or just down on your luck Jack was there to help get you back on your feet.

The Jack Keenan Scholarship Fund wants to continue Jack's legacy of giving by providing an opportunity to succeed to as many kids as possible. All proceeds will go towards providing scholarships to those who otherwise may not have the ability to continue their education. Jack would have wanted it this way.

Sincerely Yours,

The Scholarship Committee
